

# AS MONACO RUGBY :

## Coup de projecteur sur notre partenaire **BP. Blue Pencil**

SPECIALIST LEGAL RECRUITMENT SINCE 2002

One of the UK's leading legal recruitment firms, Blue Pencil, has teamed up with Monaco Rugby Club to be one of their main sponsors for the next three seasons. At the moment, Monaco may not be synonymous with Rugby, Monaco Rugby Club has slowly been ascending the league tables and has a strong team ethos with professionalism at its core. Blue Pencil is proud to be associated with Monaco Rugby Club as the Club's values mirror those of Blue Pencil which has grown its legal client base by consistently displaying its professionalism towards its clients as well as candidates who are looking to develop their legal careers.

Liam Mooney, the Founder and Managing Director of Blue Pencil said "We are delighted to support AS Monaco and have agreed a three year sponsorship package. We have an office in Monaco and as a company we always strive to put something back into the local community. Rugby is a sport which I used to play (many years ago!) and whilst I certainly don't miss playing, I still admire many of its core values. It's therefore a sport we want to be associated with. It teaches the values of team work, humility, leadership and sharing success and defeat in equal measure. All of these values are key to what makes a business successful and the individuals within it. Monaco Rugby club is an excellent location to achieve success. As a business and a member of the local community, we want to do our bit to help them achieve their goals."

# Merci
